

District 1

ISI High Test Sessions

www.isidistrict1.com

Test Committee: Katy Hayden, Tiesha Potvin Coale, Patti Kennedy

Test applications may be downloaded from www.isidistrict1.com.
Make check in the amount of \$35.00 to the club that is hosting the test session.
Send application and check to club hosting the test session.
The test fee is used to pay the ice costs and other test expenses.
Unless otherwise stated, applications are due on the competition due date.

Go to www.isidistrict1.com/calendar for upcoming test sessions:

Yearly schedule:

The District would like to post a yearly test session schedule. We would like to run a test session about every two months and at several locations throughout the District. If a club wishes to run a test session, the request should be sent to the test committee as early as possible so that it can be posted on the website. Please state the exact day and time of the test session. Test sessions will be approved according to date, location, and number of possible testers. Other tests sessions will be posted when approved.

Test session requirements:

The test sessions could be held in conjunction with competitions or at another time and place if necessary. All high test sessions must be approved and supervised by the District 1 test committee. In accordance with ISI, all test paperwork should be sent to the District 1 test chair, Katy Hayden, to be recorded and forwarded to the ISI office.

ISI Judges Requirements:

- Only eligible judges may be used on the high test panel. ISI requires that only gold rated judges who have coached a skater thru the high level test, or who has passed up to that level themselves as a skater, may sit on the high test judges panel.
- All gold judges wishing to judge high level test sessions should submit their name and test history to the District test committee.
